

## Instructional Facilities

The Ohio Institute of Allied Health is located at 6245 Old Troy Pike in Huber Heights, Ohio. The school is located in a new, stand-alone facility specifically built to house OIAH. The facility currently covers approximately 9000 square feet of space.

The school is separated into three distinct areas; labs and classrooms, faculty and staff, and student common areas. In these three areas the school is broken down into 6 large classrooms. One each for Nursing, Science, Massage Therapy/Holistic Programs, State Tested Nurse Aide, General Education, and Medical Assisting. The school has two student common areas, one on each floor and a staff lounge located on the second floor. Office spaces have also been provided for the School Director, Registrar/Bursar, Admissions, Financial Aid and Student Services/Placement. There are also various faculty offices located in the building. There is a Computer lab with 16 terminals and a nice media center within the school also. There are also several storage closets and rooms allocated for the storage of supplies and materials for both the staff and students on-site. Finally the school contains a sizeable conference room area that is sufficient to hold all of the necessary educational and administrative meetings.
