

## ***Voter Registration***

As part of the Higher Education Amendment of 1998 this OIAH is required to provide students with the opportunity to register to vote. All students are strongly encouraged to be registered to vote. Voting is an important part of living in the United States of America and must be exercised by all eligible citizens. A hardcopy of the voting registration form can also be requested at the financial aid office. For further details on voter registration, please visit the FAQ section from the Ohio Secretary of State website:
